Dear George:

We have made it a practice to request overtime authorization from you separately by project. We now find that schedule requirements on System 3 will require limited amounts of overtime as follows:

25X1A System 3 - of non-exempt overtime amounting Covering the period July 1st through September 30th. It is estimated that this will be adequate to cover both our R and D and Manufacturing needs.

25X1A System 4 - of exempt overtime amounting to for premium time and non-exempt overtime amount This covers the period July 1st through September 30. It is possible that additional overtime will be required beyond September for R and D activities.

25X1A

Sincerely,

Bob

Bob

P. S.

Your authorization for the above overtime would be appreciated.
